

HB0299

97TH GENERAL ASSEMBLY

State of Illinois

2011 and 2012

HB0299

Introduced 01/28/11, by Rep. LaShawn K. Ford

SYNOPSIS AS INTRODUCED:

410 ILCS 310/4

from Ch. 111 1/2, par. 7354

Amends the HIV/AIDS Registry Act to provide that the information concerning those cases included in the HIV/AIDS Registry shall include all CD4 and HIV viral load test results.

LRB097 05527 RPM 45588 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning public health.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The HIV/AIDS Registry Act is amended by changing
5 Section 4 as follows:

6 (410 ILCS 310/4) (from Ch. 111 1/2, par. 7354)

7 Sec. 4. (a) The Department shall establish and maintain an
8 HIV/AIDS Registry consisting of a record of cases of HIV and
9 AIDS which occur in Illinois, and such information concerning
10 those cases as it deems necessary or appropriate in order to
11 conduct thorough and complete epidemiological surveys of HIV
12 and AIDS in Illinois, and to evaluate existing control and
13 prevention measures. Notwithstanding any other provision of
14 this subsection (a), the information concerning those cases
15 included in the Registry shall include all CD4 and HIV viral
16 load test results. Cases included in the Registry shall be
17 identified by a code rather than by name. To the extent
18 feasible, the Registry shall be compatible with other national
19 models so as to facilitate the coordination of information with
20 other data bases.

21 (b) To facilitate the collection of information relating to
22 cases of HIV and AIDS, the Department shall have the authority
23 to require hospitals, laboratories and other facilities which

1 diagnose such conditions to report cases of HIV and AIDS to the
2 Department or a local health authority if the local health
3 authority serves a population of over 1,000,000 citizens or if
4 the local health authority has been designated by the
5 Department to collect such information, and to require the
6 submission of such other information pertaining to or in
7 connection with such reported cases as the Department deems
8 necessary or appropriate for the purposes of this Act,
9 including all CD4 and HIV viral load test results for those
10 cases included in the Registry. The Department may promulgate
11 rules or regulations specifying the types of information
12 required, requirements for follow up of patients, frequency of
13 reporting, methods of submitting such information and any other
14 details deemed by the Department to be necessary or appropriate
15 for the administration of this Act. Nothing in this Act shall
16 be construed to compel any individual to submit to a medical
17 examination or supervision.

18 (c) The Director shall by rule establish standards for
19 ensuring the protection of information made confidential or
20 privileged under law.
